HARTFORD, Conn., Dec. 12.—The Committee on Claims of the defunct Charter Oak Life Insurance Company of this city, which passed into the hands of receivers in September, 1890, today filed their report. They allow claims amounting to \$5,444,000, being practically claims on account of policies. The policy claims are of no value, and in 1,255 policies the claims are in part or in whole disallowed. The Court ordered that all claimants disallowed should be notified by the receiver by Jan. 10, and any remonstrance against the report should be filed with the receiver by Jan. 10. The receiver has authority to pay a dividend of about 100 cents on the dollar. The receiver has some real estate assets.
